COUNTERDRUG MISSIONS

ince the mid-1980s, Civil Air Patrol has been an integral player in America's war on drugs. During 2001, CAP assisted in the confiscation or cradication of over a billion dollars in illegal drugs. CAP has assisted in the discovery of methamphetamine labs, cocaine seizures and various other operations throughout the country that have led to the seizure of illicit drugs, weapons and property. The Department of Defense and federal agencies such as the Drug Enforcement Administration, U.S. Customs Service, U.S. Forest Service, and numerous state and local law enforcement agencies routinely call on Civil Air Patrol to provide aerial reconnaissance and eradication support.

The Imperial Valley Drug Coalition Law Enforcement Center has integrated the California Wing of Civil Air Patrol as a permanent cell under its Operations Division. In this role, California Wing has assisted in the confiscation of \$118,000,000 in Illegal

> substances from October 2000 to March 2001. The U.S. Forest Service operations chief at the center declared CAP "a vital operational asset in determining the success of counterdrug efforts by law enforcement agencies in the Imperial Valley Drug Coalition."

The Iowa Wing flew aerial reconnaissance and aerial photography missions in support of federal and state drug agents, which led to the arrest of six members of an international motorcycle gang with a long history of drug arrests in Iowa and around the world. Those arrested were charged with weapons possession and trafficking in methamphetamine, cocaine and marijuana

The commanding officer of Patrol Squadron Eight U.S. Navv presented a commendation to the Maine Wing for their "superior performance in the training and professional development of Patrol Squadron Eight in the areas of airborne counterdrug surveillance and air-intercept procedures from 30 May to 1 June." The commendation read in part: "The superb airmanship and flexibility of the CAP pilots resulted in optimum utilization of airborne assets and provided outstanding training in this hazardous mis sion under the safest possible conditions. Through their skillful planning and flawless execution of these training missions a solid foundation in intercept training was provided for 36 naval aviators."

The Pennsylvania National Guard Counterdrug Program Coordinator formally commended Pennsylvania Wing for the support provided to their marijuana eradication operations in fiscal year 2001. The support and

dedication of the CAP volunteers enabled Pennsylvania's law enforcement agencies to seize 3,500 plants valued at \$5,250,000. The Michigan Wing was instrumental in the location and destruction of 800 marijuana plants with an estimated street value of \$2,000,000. The Maryland Wing was credited with discovering 750 marijuana plants worth \$1,875,000.

From: Imperial Valley Drug Coalition, US Forest Service CAPNHQ Sent: Thursday, September 06, 2001 12:14 PM adquarters, Civil Air Patrol Subject: CAP support to IVDC

I have put together a few paragraphs describing the contribution CAP has made to the NUC.

Outling the next 2 years the Obil Air Cotton Colifornia Wilneshae musta cital Floors and the Cotton Colifornia Wilneshae musta cital Flooria Wilneshae musta cital Floria Wilneshae musta cital Flooria Wilneshae musta cital Flooria Wilneshae musta cital Flooria Wilneshae musta cital Flooria Wilne I nave put together a tew paragraphs describing the contribution CAP has made to the IVI During the past 3 years the Civil Air Patrol, California Wing has made significant contribu-tions to the Immerial Vallay Drud Chalifions affords to stem the tide of illegal Aruns anter During the past 3 years the Civil Air Patrol, California Wing has made significant contribu-tions to the Imperial Valley Drug Coalition's efforts to stem the tide of illegal drugs entering this country from Mayico.
